

Closely examine all of the writing / work you've created so far. **Distill what you've learned into a concise, one sentence statement.** The statement must read legibly from a reasonable distance in the billboard template provided. Print your statement on 17" X 11" and bring to next class. Ever want to have your own billboard to tell the world something that's actually important? Here's your chance.

*\*Don't forget about the mindfulness techniques we learned if you get stuck! Simplification is key.*
